Everyone has a moment in history which belongs particularly only to him. It is the moment when his emotions achieve their most powerful sway over him, and afterward when you say to this person *the world today* or *life* or *reality* he will assume that you mean this moment, even if it is fifty years past.

Words from Knowles' *A Separate Peace*, that jumped from the page of the book to what I knew needed to be on this page of *this* book. That is exactly what we as a staff have been trying to achieve with this book -- capturing a period of our lives into 200 some pages, so that in 50 years it will convey our reality of our life *then*, while at the same time working to produce something creative and new.

if you have anything really valuable to contribute to the world, it will come through the expression of your own personality, that single spark of divinity that sets you off and makes you different from every other living creature.

FRIDAY, AUGUST 20, 2004

4th Quarter NORTHRIDGE VS. WEST NOBLE

The Raiders were down 21 to 14 with 1:36 left on the clock. The Raider offense drives down the field to the 11 yard line with two catches by sophomore Tyler Smith. This sets up a touchdown by senior Nick Crawford to make the score 20-21. The hope of tying the game was lost after a missed extra point still gave West Noble the one point lead with 1:01 left the game. The only hope left was an onside kick by the Raiders to keep hopes of breaking their losing streak alive. It was up to Senior Ron Powell to place the kick perfectly so Northridge can recover the ball. The ball is kicked, hits of a West Noble player and giant pile-up occurs in the middle of the field. The referees break up the pile to see who recovered the ball. A large roar comes from the Northridge crowd as they find out Senior Alex Smith recovers the ball on the 49 yard line. With less than a minute left the Raiders had one last shot to win this ball game. Nick Crawford scrambles on a 31-yard run to end up 39 yards away from victory. On 3rd & 2, Crawford connects with Ron Powell who runs in the end zone for the touchdown. The sound from the Raider crowd was so loud you would think you could hear it in Elkhart. It's moments like this when you see results after all those two-a-days, all those drills, and all the discipline. The losing streak was finally snapped.

Joel Sienicki

Matt Holloway

"This year was a great year for Northridge Football. We obtained our first win in 21 straight games (20 of those the seniors had to endure) in our season opener against West Noble. We beat Goshen for the 1st time at Foreman Field and only the 2nd time in school history. I am sure this senior class will never be forgotten and we will never forget Northridge or each other."

Raider Cross

This year's cross-country team includes; Ken Collins, Braxton Fritz, Joel Stalter, Andrew Simons, Andy Williams, Nate Yoder, Lathan Fritz, Garan Galbreath, Jeremy Miltroka, Loren Spirito, Brock Wappes, Ladd Mercer, and Tony Yoder. In the history of Northridge, no boys' cross country team has ever won state. Until this year, Coach Fletcher attributes this to the dedication, listening skills, and absolute refusal to be denied that this team shows. Also, the team's obsession with the game Halo, "Even the night before state meet, they were playing Halo in their hotel room." The team is now ranked 15th in the country and has been invited to the Nike Nationals which allows only 20 teams. The competition is an all expenses paid trip to Oregon, and the guys are very excited.

NLC Champs!

Kanissa Cominator, Hannah Miller, and Aubree Draper pose for a picture

The 2004 season was one of mixed emotions and ups and downs. We had a very successful season and ran very strong for most of the season. We were able to win five of the six invitationals we ran in and enjoyed a #1 ranking for part of the season. It was definitely a learning season for us, but it was also a very fun season. This team will go as one of the most entertaining teams that I have ever coached. I would like to thank Aubree Draper for her leadership and for the excitement that she provided us with at the end of the season. Thanks 2004 girls' cross-country team for an incredible season!

Congratulations to the varsity boys soccer team for an outstanding record of 13-6-3 season. The boys marveled everyone by becoming the first team in Northridge history to win SECTIONALS, REGIONALS, AND RUNNER-UP at SEMI- STATE. "This group of young men have produced one of the most memorable and enjoyable seasons that we have ever had." Coach Woodworth.

Never backdown

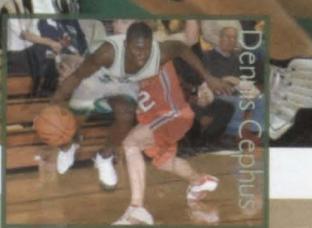

It was said that this is basketball—not tea and crumpets.

A season that captured front page news for not only our senior star “big one” Ronnie Thomas, but the controversy of facing our backs to the opponents. “As far as basketball is concerned, our student body will continue to support our basketball boys with a full heart and screaming lungs. We will go ballistic when they win and feel their pain when they lose. We will stand by them through it all, and we will continue to turn our backs on opposing teams.” – Ryan LeCount

Our overall record is not a fair indication on how we played this year. We had 14 games decided in the last 3 minutes and had 5 games go into overtime. I was proud of the way our girls battled and executed in almost every game. The outcome might not have been what we wanted, but the effort was there in each game. A lot of that, I believe, had to do with our senior leadership. I thought that Talia, Courtney, and Amber were tremendous all year with their play and their leadership.

A Few Seniors...

>> CHRIS LAMBLE

Swimming has had such a positive influence on my life in high school. Hanging up my suit & goggles is going to be real tough when the season ends.

>> ANTHONY CAMARATA

I am a Raider. I overcome adversity. I achieve the unachieved. I mentally and physically prepare myself everyday for times like this. Where Champions go home as winners and 2nd place goes home crying, I swim for myself and my team. With out my team, there would be no me. As Raiders before me have set the bar high, I have set it higher. I am a Raider.

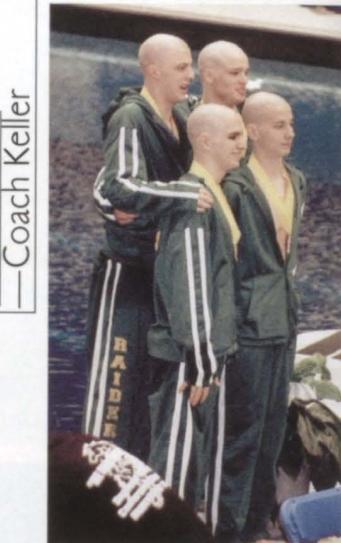

Katie

>> SPENCER HANSON

I've been really proud to be a Raider swimmer these past few years. Swimming with people who have such determination and perserverance has been such a good experience. It's tough knowing that my time with them is up.

MVP

"I have been in swimming since the age of five but the last four years have changed me the most. Swimming used to be a sport I did and something I stayed in because I was good. It's a lot different now because I am not doing it only for myself, but for my team. They are my family. When you take pride in what you do and the people you're around, it's hard not to be a family." A.J. Miller

Mental Attitude

"This season was very rewarding, & tough at times. We had a very good season only loosing 1 meet, winning our 7th straight conference championship, 3rd straight sectional title, & being 3rd in state. It's going to be really hard next year without A.J., Anthony, Whitney and the rest of the team right there next to me pushing me to do better things. Next year we all go to brand new teams & new coaches, & it will be very different and hard for all of us."

Flowers for Algernon

This years fall drama was *Flowers for Algernon*. The story is about Charlie (Dave Moan), a middle - aged, mentally handicapped man. Charlie (far right) knows being smart is important so he takes night classes and learns to read and write while he works for Mrs. Donner (Valencia Zinich). Then the opportunity of a life time is discovered by Charlie's teacher (right), Ms. Kinnian (Rachael Bowlby). Scientists (Ty Miller, Ty Konopinski) discover how to increase the intelligence in a mouse, Algernon, and now they want to help humans. Charlie has the operation and has better results then they had hoped, he is now a genius. As time passes Algernon slowly loses the intelligence he gained. Now what will become of Charlie?

Hot Havana Nights

Hot Havana Nights was such a perfect theme for the Semi Formal dance of 2004. While the dance floor was hot, girls and guys were lookin' their absolute best. People were shakin', groovin', and bumpin' to the wonderful music of our own DJ. Trixx (Sam Ran). Students were making memories that never will be forgotten. Keep groovin' on the dance floor!

525,600 minutes, 525,000 moments so dear, 525,600 minutes
in sunsets, in midnights, in cups of coffee, in inches, in
measure a year in the life? How about love? How about
love? 525,600 minutes, 525,000 journeys to plan, 525,600 minutes
in truths that she learned, or in times that he cried,

So be sure when you step, step with care and great tact, and remember that Life's a Great Balancing Act. And will you succeed? Yes! You will, indeed! (98 and 3/4 percent guaranteed.) Who we are today
is different from

who we were
last year, last month,
maybe even yesterday.

Who we are is who we are becoming,
Individuals with a cause and purpose.
A drive that is forming.

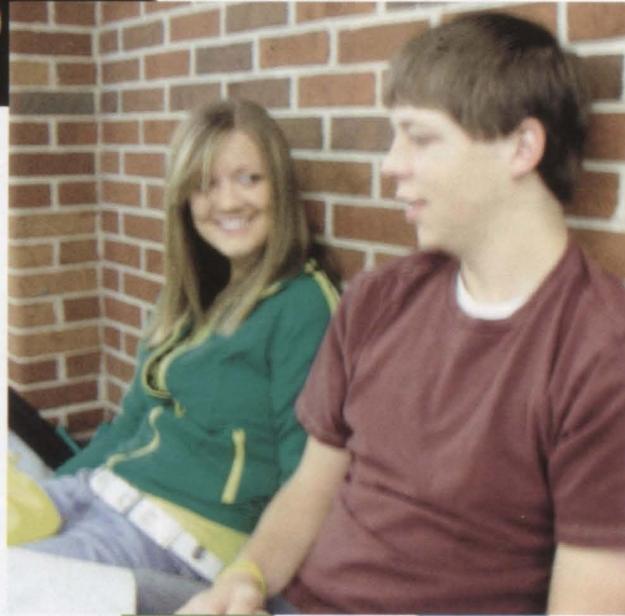

We won't be the last junior class
to walk these halls.

We are not the first to experience
this pace of life or emotion.
Yet the one thing we can guarantee,
there will be no other

"When I first came to Northridge, I was scared that we, (as freshmen) would be picked on and taunted by the older students. I thought it would be Middle School all over again, but it's not. On the first day of school I couldn't find my Biology class, I was so late already and I couldn't find anyone to ask. As I turned the corner I found some seniors walking slowly to class. I showed one of them my schedule and asked where the class was. She walked me directly to the room! I was so grateful! And basketball, when we didn't know the plays the JV. and Varsity girls showed us and helped us go through them. I can learn a lot from the older experienced upperclassman."

The joy of the journey.

At Goshen, your learning stretches far beyond classroom walls... To a campus biophysics lab to observe ion channels. Or to Peru, to hike the Inca trail. To a thoughtful Bible study or lively hymn-sing. Or conservation work at our environmental center.

Wherever your Goshen education may take you, your journey will be as meaningful as it is practical, as purposeful as it is unpredictable, as fulfilling as it is fun.
